Within this curriculum players will cover ball familiarization, small group dynamics, coordination skills and social interaction, all with maximum participation in a fun oriented environment.
- **The Skills 'n' Thrills Program (6-10 Years)** enhances player's technical development & skill building in a stimulating environment. Players are challenged to consider basic tactical components at an age appropriate level, including attacking and defending principles.
- **Compete With Your Feet (11-18 Years)** will place your child in challenging game related situations to enhance technical and tactical knowledge.
